## ABOUT

Ambitious designer with 3+ years experience in a professional environment and a Bachelor of Interaction Design degree. Additional 4 years of academic design experience at Sheridan College. Background in visual and creative arts. Excellent communication skills.

### UX/UI Designer

- Interviewed stakeholders (including internal staff, partners and end users) and translated requirements into research needs, prototypes and testing
- Lead user testing sessions, analyzed findings and provided design updates and recommendations to further projects
- Assisted with development and implementation of system modernization including Dynamics365 CRM
- Designed interfaces to enhance user experiences for both new and existing mobile and web applications

### Interactive and Technical Media Writer Intern

- Guided users through UI by contributing to company's software help documentation
- Collaborated with multiple teams to create documents that outlined in-product features

### Graphic Design Assistant

- Created various promotional material for print, web and environmental applications
- Maintained a graphic consistency by adhering to the library's visual identity and AODA compliancy

### Bachelor of Interaction Design

### Visual and Creative Arts Advanced Diploma
